### BARRE STOOD SECOND.

In Voting for Place of Quarry Workers' Next Convention.

Returns received by Secretary Fred W. Suitor at the quarryworkers' headquarters Monday afternoon indicate that the special convention of the International union of quarryworkers will be held in Boston July 17. Barre came next, with the following cities in the order named polling a few votes: Chicago, St. Paul, Minn., Springfield, Mass., New York City, Quincy, Mass. The convention is called for the purpose of revising the constitution and each branch of the union having less than 200 members is entitled to one delegate. Branches boasting of 500 members are allowed two delegates and of all the locals scattered throughout the length and breadth of North America, Graniteville is the only one to profit by this ruling.

The results of the voting did come as a surprise to local quarryworkers as Boston, by reason of its more central location, would naturally be first favored. Had the vote been taken by branches, however, Barre would have been first choice by a good majority.

### WILLIAMSTOWN.

At the meeting of young people and others at the Congregational church Thursday evening, there will be a study of Japan and Korea from the missionary point of view.

Dr. and Mrs. J. H. Judkins and Miss Christine Wright of Northfield spent Sunday in town, the guests of Mrs. Ellen M. Wheatley and family. They also attended the union memorial services at the Universalist church here in the morning.

The Williamstown high school played Chelsea academy here Monday afternoon, the score being 6 to 4 in favor of Chelsea. The game yesterday between Williamstown and East Barre was won by the latter, 4 to 3.

The Memorial day exercises were carried out according to the program. The procession formed at 12:30 and proceeded to the cemetery, where the usual exercises were held. Returning to Grange hall exercises were held, the school children taking part, and an address was given by Hon. J. H. Senter of Montpelier, speaker of the day.

In view of the fact that the membership of William Wells post, G. A. R., has become reduced in numbers to eight surviving members, and most of these feeble or infirm, it was suggested by Commander Savery at the public exercises on Memorial day that possibly this might be the last time that they would attempt to carry out the usual program of celebration. It is to be hoped, however, that the patriotic spirit of the younger generation will come to the rescue and take the burden off from the shoulders of the veterans, allowing them all the privileges of the annual celebration with less of care, and keeping up the traditions of Memorial day.
